		<p>when transporting children and young people with complex needs who need support to access the vehicle or fasten seatbelts</p> <p>The approach to dedicated transport should align as far as possible with the principles underpinning the system of controls set out in this document and with the approach being adopted for your school. It is important to consider:</p> <ul style="list-style-type: none"> <li>• how pupils are grouped together on transport, where possible this should reflect the bubbles that are adopted within school</li> <li>• use of hand sanitiser upon boarding and/or disembarking</li> <li>• additional cleaning of vehicles</li> <li>• organised queuing and boarding where possible</li> <li>• distancing within vehicles wherever possible</li> <li>• the use of face coverings for children over the age of 11, where appropriate, for example, if they are likely to come into very close contact with people outside of their group or who they do not normally meet</li> </ul> <p>Communicating revised travel plans clearly to contractors, local authorities and parents where appropriate (for instance, to agree pick-up and drop-off times)</p>
