

We had a great Term 3 in Otter class

We enjoyed our History work about the Celts where we challenged the validity of historical evidence and found out about Celtic hillforts. Most of the children were surprised to find out that there is a hillfort not too far from us.

In Guided Reading, we read 'Roar' and this inspired us to draw maps and write non chronological reports about dragons.

For Science this term, we were learning about forces and we found out how levers, pulleys, and gears work.

Our Geography involved learning about settlements and we found out the best places to settle. This linked with our research into hillforts.

The children enjoyed our art sessions, where we have been finding out about British artists and we have started to look at the work of our class artist – Gaudi.

In PSHE, we have been talking about 'Dreams and Goals' and what to do if we don't achieve our goals.

In our e-safety sessions we have been thinking about online safety and what to share or keep private when going online and we even had a visit from the local community officers who delivered a very important message in a fun, interactive way.

In PE, we have developed our hockey skills and practised a variety of dance moves and in Music, we have been finding out about musical notes and learning to sing 'Scarborough Fair'.

The children enjoyed the many dress up days we have had this term and it was great to see their choice of outfits when they expressed themselves during Mental Health week.

Thank you so much for your support this term.

We have a lot to look forward to in Term 4 when we will be finding out about the Romans and
