Year One Homework : Pick and Mix Home Learning

In Year One, we take a different approach to home learning, to give the pupils an opportunity to be more creative and choose what interests them. We hope that it will also provide some activities that pupils and parents may enjoy working on together.

In addition to the essential daily reading, spelling and phonics practice, we have provided you with 7 different tasks. These are varied across a range of subjects that we will be learning in class this term.

Encourage your child to complete **at least 1** of these tasks.

You may complete more if you wish or, if you have any additional ideas of your own, please feel free to do them as part of your Home Learning.

You may produce your home learning in any way you wish and spend as much time on it as you would like. Of course, we encourage you to present your work as well as possible. You have lots of time for this, so do please spread the tasks out.

Please upload photos and/or videos of your completed homework by **Monday 12th October** to share with the rest of your class. The children will then be shown the work uploaded throughout the week at school.

We look forward to seeing all the wonderful work that you produce!
